Hand-crafted in our signature geometric design and plated in 24 karat champagne and yellow gold, it's the ultimate statement piece. Crafted on a monumental scale, the art wall is assembled from a multitude of metal facets: some meticulously etched and others hand-polished to high gloss. Serving function of a mirror and making a bold statement as an art piece, the Folds Art Wall plays with our perception using slanted facets to create optical illusions. Susceptible to its surrounding the art wall changes its hue depending on the lighting & the colours of the interiors it's submerged in.
