

AREAS CONSOLE TABLE, 2021

H 129 x W 78 x D 40 cm.
H 50.79 x W 30.71 x D 15.75 in.

Limited edition of 8 + 2AP

Nickel-plated metal, with marble-top.

Created from nickel, silver and natural stone, the Areas Console Table features a juxtaposition of geometric shapes - embodied in a succession of straight and curved lines. Crafted with the application of two types of finishes, with exterior hand-polished to high gloss and inward segments chiselled to achieve a textured effect which alludes to the white sands of Areas beach, unique only to this region. The combination of these metal techniques offers a sequence of lustre and mirror effect inside the core of the console table.
