

CHAFLAN CONSOLE TABLE, 2016

CUSPID COLLECTION

H 85 x W 140 x D 40 cm.  
H 33,46 x W 55,12 x D 15,75 in.

Limited edition of 8 + 2AP

Silver & anthracite nickel-plated metal with Andhra Pradesh granite-top.

The Chaflan Console Table is created using silver and nickel-plated metal and natural marble-top, with the majority of the console's facade being treated with the anthracite dye. Forged and soldered, the piece is assembled from sculptural rectangular shapes with the application of highly textural hand-embossed figuring and high gloss polish. The Chaflan Console Table represents geometry and angularity of the Cubist movement, implying radical clarity by the use of smooth lines and pure surfaces.
