Nickel-plated metal with Nero Marquina marble-top.

The exquisite Cilindros Dining Table is created in an elegant nickel plating and finished with satin burnish, chemical etching and polished lustre. The table is designed to stand in the middle of a room and be admired from all sides, with a sweeping curved top and two pedestals which draw the eye in. The curved pedestals are composed of several cylindrical forms, creating exciting vistas from different sides. The elegant top is incrustated with a monumental slab of Nero Marquina marble extracted from Markina, Basque Country.
