H 37,4 x W 61,02 x D 19,69 in.

Limited edition of 8 + 2AP

Silver & nickel-plated metal.

The monumental Mineral Chaise Lounge, hand-crafted using such ancient techniques as forging and embossing, is executed in nickel-plated brass. A magnificent piece of art, the Mineral Chaise Lounge is a sculptural piece designed to be used for reclining in a relaxing manner. The expressive silhouette of the Mineral Chaise Lounge is enhanced by the dark anthracite tone applied to the piece, adding mountainous lineation to the design. Appearing monolith, the chaise lounge is a lightweight design with a hollow body, the piece can be easily moved around the interior without much assistance.
