24 karat yellow gold & bronze-plated metal.

Inspired by our classic - Quartz Art Plinth Set, this elegant Quartz Console Table has been crafted in hand-embossed and hand-polished 24 karat yellow gold and bronze-plated brass. Designed as two joined pedestals and executed in an eye-grabbing shade the Quartz Console Table is an ultimate statement. All metal facets, which make up the body of the Quartz Console Table are meticulously textured by hand or polished to a high sheen and scrupulously assembled into an art piece, which can serve the function of a console table or an exhibition podium.
