Limited edition of 6 + 2AP

Bronze-plated metal.

Containing mantelpiece and panelling, the grand Waves Fireplace crafted from bronze-plated brass features waves like frieze, resembling sweeping water. The water motif - hand-shaped, forged and polished by our skilled craftsmen come alive while in use, with fire animating the shallow waveforms on the jambs and the hood, as well as providing glistening effect on the whole surface of the Waves Fireplace. This monumental fireplace is an ultimate statement piece, which will steal attention and dominate the interiors.
